

GÖTESSONS

OFFICE CONFERENCE HOTEL 2016

FROM WORKPLACE
TO CREATIVE SPACE™

€URO CATALOGUE

"They have unique skills, technical expertise and a product range that adds and complements Gotessons very well. Together, our specific industry product range and knowledge create favorable conditions for continued growth in both companies," says Managing Director Johan Götesson about the aquireing of Akustikmiljö i Falkenberg.

FROM WORKPLACE

LEAVING "HOME" TO START A NEW CHAPTER!

In May 2015 we moved out of dear old Dalstorp for our new headquarters in Ulricehamn, for a property which is to say the least sensational! The building of 4,200 square meters and it's imaginative interior is perfect for us whom are known to be innovative and pushing the boundaries. We have invested in an interior design that both highlights our products, innovations and captures our identity and philosophy. Behind the new decor is Joy of Plenty.

With these inspiring premises, we were nominated to the contest Sweden's Hottest Office 2015 and we were very proud when we ended up with bronze of a total of 52 really fancy office´s that also were nominated.

Besides leaving home, we are also starting a new chapter. We acquired Akustikmiljö in Falkenberg, in September, a leading provider of acoustic solutions with the production of high-quality sound absorbers for the public as well as private sector.

Welcome to our new home!

TO CREATIVE SPACE™

LIGHT, SOUND & AIR

Clean air is more important to health than good sound absorption ... but why compromise? Pure Air Zone combines the features sound absorption and air filtration in a patented design, works equally well in open landscape as in small offices.

New at Gotessons is good lighting design!

Pure[®]
AIR
Zone

STARTING FROM SCRATCH ...

Ola Götesson developed the world's first cable tray in 1992. It was and still is an important part of Gotessons history. A lot of new products have been developed over the years but the basic idea is still the same, an optimally functioning workplace.

Our strength is that we now have a large product range with coordinating design to fit optimally with each other for a functional and attractive workplace.

The pictures speak for themselves, also see product videos at www.gotessons.com.

WELCOME TO GOTESSENS

2016 is here and a new and exciting year awaits us at Gotessons

This year's product range news is that we are investing in lighting. Another new product is ZAP, our new monitor arm where function and design creates harmony with exciting materials. Office Ballz is an ergonomic innovation that will help you to a more active life at work. We have continued to broaden the range of textile products with modern design for that activity-based landscape. Many solutions have come to us because we listen to our clients and architects ... you will notice that our product developers have not been bored at work! And as usual, you can enjoy fast delivery, high flexibility and a service philosophy that puts you at pole position. The entire staff at Gotessons work by the motto "From Good to Great".

Should you miss something or want to change or improve a product, we will listen!

We want to hear from you, it is together that we do best!

DESK AND FLOOR SCREENS

An easy way to create a personal space and privacy, even in the most open office landscape. ScreenIT desk and floor screens provide protection against noise while maintaining an open and transparent office. Their colour and shape contribute to a creative and productive environment.

The ScreenIT range has been expanded with several new screens.

SCREENIT A30 **Page 17**

Wooden frame filled with sound absorbing anti-allergy foam and lined with foam laminated fabric. Total thickness 40 mm. Tested and ISO A-classed by SP as floor and wall screens, tests results including fire class are available on our website. Max load 6 kg.

SCREENIT A30 ALL IN ONE **Page 22**

Like reinforced A30 but with a built-in (not on) toolbar rail with integrated cable channel inside the screen, exiting under the desk.

SCREENIT A30 DESK BOOTH **Page 24**

A30 Screen and side screens zipped together.

SCREENIT A30 WITH PLEXI **Page 23**

A30 with a plexi screen on the top. A perfect combination of sound absorption and visibility.

SCREENIT A30 BOOTH **Page 34-35**

Floor screens zipped together to form a booth shape on discrete heels.

SCREENIT A30 FLEXIBLE **Page 19**

A30 multi-used screen with no holes.

SCREENIT A30 REINFORCED **Page 20**

A wooden reinforced screen with metal frame filled with A-classed sound absorbing material, pin able and with foam laminated fabric. 40 mm thick. Takes up to 25 kg in accessories, monitors etc.

SCREENIT A30 SLIDE **Page 18**

Slidable A30 screen mounted on a rail for horizontal movement. Ideal for workstations placed opposite each other.

PAZ (PURE AIR ZONE)

Table screen that enhances your productivity and health. PAZ combines the functions of sound absorption and air purification in a patented design. 54 mm thick. **Page 26-27**

ORDER PROCEDURE SCREENS

1. SELECT SCREEN AND SCREEN SIZE

2. SELECT SCREEN COLOUR

See colour map at page 12-13.
(Contact us for other fabrics, colours and sizes.
An extra cost of 56,63 € will be charged per change)

3. SELECT ZIP OR SEAM COLOUR

See colours on page 13.

4. SELECT CLAMPS OR MOUNTS

See page 14-15.

5. OPTIONAL

SCREENPRINT (See page 38)

Specify the article number as follows:
Desk screen size - fabric colour - zip/seam colour.
Example: 640160- 01- 101.

ORDER PROCEDURE BOOTH

1. SELECT SCREEN AND SCREEN SIZE

2. SELECT SCREEN COLOUR

See colour map at page 12-13.
(Contact us for other fabrics, colours and sizes.
An extra cost of 56,63 € will be charged per change)

3. SELECT SEAM COLOUR ON SCREEN

See colours on page 13.

4. SELECT ZIP TO CONNECT SCREENS

See page 13.

5. SELECT CLAMPS OR MOUNTS

(ONLY DESK SCREEN)

See page 14-15.

Specify the article number as follows:
Screen booth - fabric colour - seam colour - zip colour.
Example: 1178160 - 14 - 206 - 101

SCREENIT STANDARD

Page 16

The most competitive priced screen with a solid core and foam laminated fabric. A-classed transmission effectiveness, meaning NO noise penetration. 20 mm thick.

SCREENIT PLEXI

Page 31

Desk screen made of acrylic plastic (plexi). Available in frosted, smoked, transparent and print.

SCREENIT A40

Page 21+28

A 50 mm thick screen slightly thicker than the A30.

SCREENIT AT40

Page 29

AT40 is made of a solid wood core with A-classed sound absorbing material on both sides with a total thickness of 40 mm.

FREQUENCY

Page 30+33

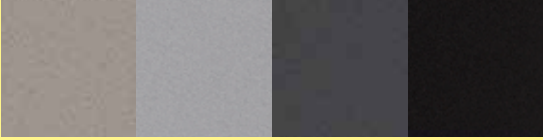

A rectangular styled desk and floor screen, 50 mm thick with same materials as A30.

EXPRESS ORDER

Choose express order and get your screens* produced in 10 working days

*Applies when ordering ScreenIT Standard and ScreenIT A30 in fabric Event Screen in four selected colors, four selected zips or any seam. Maximum 100 screens/order in standard Catalogue version. Placed order can not be changed or cancelled.

SCREENIT A30 REINFORCED

The tremendously popular sound absorbing screen A30 is also available as a reinforced model that allows for weights of up to 25 kg. It has an internal reinforced metal frame that is not visible from the exterior and therefore looks identical to the A30. Ideal for hanging up tool arms and other accessories. Max load with desk mount 25 kg.

Tip!

The toolbar creates a third level and space on the desk. See page 41.

SCREENIT A30 P1 AND A30 K REINFORCED

A30 P1 and A30 K Reinforced has the same features as the A30 Reinforced, for details see above. The difference is the measurement from the outer edge of the bolt hole. A30= 45 mm, A30 P1= 150 mm and A30 K=250 mm from the outer edge. Article numbers in column beside is for ScreenIT A30, if you want to order A30 P1 or A30 K, please contact Götessons.

SCREENIT A30 TOWER BOOTH

Floor Screens that are zipped together and form a booth with space for desk and tower cabinet. Tower Booth's can be connected and are available in four different sizes adapted to different tower cabinet. Screens can only be ordered with seam (and half zips on the side).The sound is often a huge problem when you place the tower cabinets beside the desk, the sound bouncing off hard surfaces form a reflective sound effect. A30 Tower Booth absorbs and removes noise and thus forming a quieter and more private zone. A major advantage of the A30 Tower Booth is that these can be fitted with the tower cabinet both to the right and to the left side of the desk, so you don't have to think about that when ordering. Adjustable heel included.

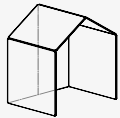

THE HUT

The house’s simple and straight lines are inspired by the classic game of Monopoly and its game pieces that give a timeless shape to the popular and practical “room-in-room” concept. The house can be used for several purposes; as an individual workstation, a small sit-and-stand meeting room or as relax areas combined with The Hut Sofa. The house is designed by Workspace Finland, Dong Uk Lee. Realized and manufactured by Gotessons.

Contact us for details of the new The Hut Sofa and other Hut extras.

TOOLBARS, RAILS AND ACCESSORIES

Toolbars enable you to create a practical and efficient workstation. All accessories are within easy reach placed on a suspended third level, keeping the desk surface clear and useable.

FREEWALL DOUBLE TRACK

The toolbar that suits all accessories. It has a double profile concealing the attachment screws. Recommended mounting height: 310 mm above desk to top of the Freewall.

FREEWALL

The toolbar can be screwed on a desk screen or to a wall. All accessories on pages 43-45 are suitable for the Freewall, Linjé 4Way and most other two line rails. The Freewall toolbar can also be fixed directly on the wall or other solid vertical surfaces. Recommended mounting height: 310 mm above desk to top of the Freewall.

Tip!
For monitor arms and other heavier accessories we recommend the A30 Reinforced with desk mount. See page 20.

CPU / LAPTOP HOLDERS CABLE HOLDERS CABLE COLLECTORS RECYCLING

CPU/ laptop holders not only save space at the workstation, they are also equally practical and ergonomical. A full range of products in all shapes, sizes and budgets including anti-theft solutions.

Cable clutter, not only aesthetically a nightmare, it increases the risk of fire. Good cable management results in better hygiene and makes cleaning office spaces more efficient. Proud to have been nominated for Sweden's prestigious smart energy saving company award, we also recommend our electricity saving, ecofriendly and recycling station products.

TwistIT

Twistable and rotatable holder for laptops with or without dockingstation. The vertical /horizontal tightness can be adjusted by hand.

CPU HOLDER WITH LOCKABLE TRAY

Suits both tower and desktop models.

CPU HOLDER 1

Simple model with easy and quick installation. Suits both tower and desktop models.

ANYWAY CPU HOLDER

Simple, functional and designed holder that suits most computers.

SWINGIT

Rotational by 360° and with the ability to slide underneath your desk to the preferred position. Suits all computers on the market. Mounts on a runner.

STAND CPU HOLDER

Only suits tower models. Turnable. Adjustable in heights.

CLIENT BOX

Mini box for thin clients, small computers, Xbox or PS2 units. Available in two sizes.

COMPLETE SET

6-way junction box 3 m cable, 5 m net, 5 m tel. Available in more combinations. Contact Gotessons for more information.

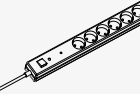

HALFPIPE COMPLETE

Produced for a very quick and easy assembly. Saves both time and money and most importantly, a perfect cable solution at your desk.

HALFPIPE/COMPLETE SET

Art.No	Size/Description <i>(all dimensions in mm)</i>	Colour
--------	---	--------

Power Save
Power Save has 6 sockets. The 1st outlet controls the other 5 sockets, connect your computer to this socket. When the computer jumps to standby mode it automatically turns off the power to the remaining 5 sockets. This saves about 30-40% of normal power consumption in your office. As soon as the keyboard or mouse is touched all jumps back on again. The adjustable current threshold optimizes the current flow from the master socket.

Power Save Complete set. Suits all cable holders
Power Save junction box with 6 sockets and 3 m cable, 1 Cat.6 network cable (5 m), 1 RJ12 telephone cable (5 m), all wrapped in a 22 mm cable collector and a G-clip to fasten the collector under the desk.

Halfpipe Power Save Complete
Power Save junction box with 6 sockets and 3 m cable, 1 Cat.6 network cable (5 m), 1 RJ12 telephone cable (5 m), all wrapped in a 22 mm cable collector and a G-clip to fasten the collector under the desk. Also includes the Halfpipe cable holder with two under desk mounting clamps.

Complete set with two network
6-way junction box (3 m), 2 network cable Cat.6 (5 m). All cables are assembled in the Cable Collector Ø 22.

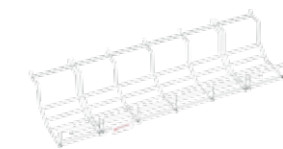

LINJÉ CABLE HOLDER

Made from aluminium. Straight and strict lines keep cables organized. Available in anodized design.

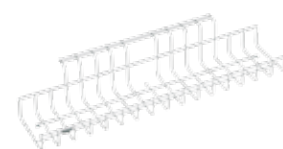

CABLE HOLDER VOLUME 47

Is developed to suit small tables with limited space and still takes care of all cables. Suits desks with separate adjustable surface.

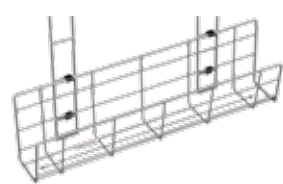

QUICK CABLE HOLDER

Designed for mounting straight underneath the desk, suitable for installation under desks with visitor seats etc. Available in two lengths. Easy installation.

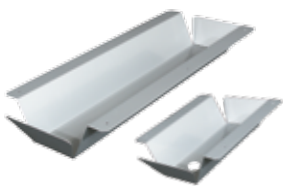

G-49 AND G-79 CABLE HOLDER

Allowing cables to be routed the shortest way to your equipment. Free passage for full coverage installation beneath the steel/wood structure of your desk.

CABLECARE CABLE HOLDER

Protected cable collection holder with a flexible system allowing holders to be connected in series to any length, for high or low mounting.

CABLE HOLDER FOR CONFERENCE TABLES

Cable holder suitable for the Power Box. Foldable ends for optimum suitability.

BI-BOX

Cable box with bi lateral lid opening. See more information at page 88.

OFFICE POWER CLAMP

With hole for retractable cable.

Tip!
Power clamp is available in several extensions types for different countries.

POWER SAVE

Energy saving power outlet switches automatically to standby power. More details on page 73 for electricity savings.

TURNABLE JUNCTION BOX

Can easily be mounted on or under the desk or in the Gotessons cable holder for conferences. Adjustable 360°. Protects against electrical overload and risk of overheating. Also available with desk clamp.

POWER SPIN

An elegant solution that uses a touch button for electrical opening and closing the outlet on the desk. See www.gotessons.com for functional product video.

TABLE TOP

For easy access the Table Top is available in different outlets and colours. Can also be installed in walls, cabinets, headboards etc.

PRODUCT INFORMATION

Art.No	Size/Description <i>(all dimensions in mm)</i>	Colour
Power Save <i>The Power Save has 6 sockets. The 1st outlet controls the other 5 sockets, connect your computer to this socket. When the computer jumps to standby mode it automatically turns off the power to the remaining 5 sockets. This saves about 30-40% of normal power consumption in your office. As soon as the keyboard or mouse is touched all jumps back on again. The adjustable current threshold optimizes the current flow from the master socket. See video at www.gotessons.com or Youtube "Gotessons Eco Cable complete set".</i>
